HAND-HELD PH/MV/ORP METER

This new hand-held pH/mV/ORP meter incorporates a streamlined design, has easy to operate controls, digital LCD readout, and is ideal for laboratory use. This meter features side panel calibration and manual temperature controls with a front-panel membrane keypad that protects circuitry from splashes and spills.

Exceptional electronic stability is realized by this meter, as is low drift and a quick response time. The pH range is 0.00 to 14.00 with 0.01 pH resolution and +/- 0.01 pH accuracy. The mV range is +/- 1999 with 1 mV resolution and +/- 1 mV accuracy. Manual temperature compensation is 0-100 degrees C. A field Kit, including electrode, thermometer, buffer capsules, saver bottles, instrument and suitcase style carrying case is also available.

Operates on 9 volt battery, with estimated battery life of 1,000 hours. Battery is included. Shipping Weight: 7 pounds.

Hand-Held pH Meter

CATALOG NUMBER	DESCRIPTION
130F-100	pH/mV/ORP Meter, Hand Held
130F-110	Meter with Field Kit
130F-101	Combination pH Electrode, BNC Connector
130F-102	ATC Probe
130F-103	Combination OPR Electride, BNC Connector
130F-104	Carrying Case for Metor Only

pH Meter With Field Kit
